Reviewed the draft reports that were placed on the share drive.

Mr. Ness stated that 13.8 didn't have anything on the share drive, but will follow-up and make sure it's on there soon.

We don't want too much documentation.

The target deadline for final draft is February 1st to mid-February.

Joe Nordgren/Theresa Hefner-Babb will edit, then sent to a faculty member in the English Department for further editing.

Our next meeting will be in early December and then again during the week before school begins in January.

Adjourned: 2:30 p.m.

Minutes will be posted on the SACS website.
