Tenure and Promotion of Tenure-track and Tenured Library Faculty

I. PURPOSE AND SCOPE

- A. The purpose of this policy is to establish and describe the procedures for tenure and promotion for tenure-track and tenured library faculty at Lamar University (LU).
- B. This policy is intended to ensure the consistent application of standards and equity for all tenure-track and tenured library faculty members with respect to tenure and promotion.
- C. This policy shall comply with the policies and procedures set forth in Chapter V, Paragraph 4 of *The Texas State University System Rules and Regulations* (hereafter, *Rules and Regulations*). In the event of a contradiction between this policy and the *Rules and Regulations*, the *Rules and Regulations* shall supersede.

II. TERMS AND CONDITIONS

- A. **Tenure.** Tenure denotes a status of continued employment as a member of the LU library faculty, unless dismissed for good cause in accordance with the provisions stated in Chapter V, Subparagraph 4.5 of the *Rules and Regulations*. Tenure is not granted automatically or with length of service. It is granted to LU library faculty after a rigorous probationary period in which tenure-track faculty demonstrate sustained, high-quality performance in the three mission areas: librarianship, research/creative activities, and service. The award of tenure shall confer upon the faculty member certain rights which he or she would not possess if the decision to award tenure were not made. Tenured library faculty can expect those privileges customarily associated with tenure at Lamar University. As stated in *Rules and Regulations*, Chapter V, Subparagraph 4.21, "Such privileges include a suitable office and workspace, serving as a principal investigator and conducting of research, teaching classes, and participating in faculty governance. However, tenure does not create a property interest in any attributes of the faculty position beyond the annual salary. By way of example only, tenure does not create a property interest in laboratory space, a particular office, the right to teach graduate students, or use of research materials or equipment." Only members of the LU library faculty with the rank of Associate Professor or Professor may be granted tenure.

- 1. **Denial of Tenure.** As per *Rules and Regulations*, Chapter V, Subparagraph 4.27, faculty members who have been denied tenure shall be notified "that the subsequent academic year will be the terminal year of appointment." Moreover, faculty members

who have not been granted tenure “shall not be entitled to a statement of the reasons upon which the decision for such action is based.” Faculty members who have been denied tenure shall have the right to present a grievance (see *Rules and Regulations*, Chapter V, Subparagraph 4.4).

- B. **Promotion.** Library faculty at LU may be promoted to the rank of Assistant Professor, Associate Professor, or Professor. The policy and procedures for promotion to Assistant Professor are detailed in MAPP 02.02.33 (Promotion from Instructor to Assistant Professor). Promotion to Associate Professor or Professor is not granted automatically or with length of service. Promotion to Associate Professor occurs in conjunction with the awarding of tenure. A library faculty member cannot be promoted to the rank of Associate Professor without being granted tenure.

1. **Discretionary Nature of Promotion.** As stated in *Rules and Regulations*, Chapter V, Subparagraph 4.31, “The academic promotion of a faculty member is discretionary on the part of the President of the Component, the Chancellor and the Board of Regents. Faculty members do not have an entitlement to a prospective promotion rising to the level of a property interest, and the denial of a prospective promotion is not sufficiently stigmatic to constitute a liberty interest. No commitments, implied or otherwise, shall be made by any individual regarding faculty promotions without the prior written approval of the President, and all faculty promotions shall be subject to the approval of the Chancellor and Board of Regents. Faculty members who are not recommended for promotion shall not be entitled to a statement of reasons for the decision against the recommendation. However, supervisors are encouraged to offer suggestions for a program of professional development in teaching, scholarly or creative work, and leadership or service that may enhance the likelihood of promotion in the future.”

III. PROFESSORIAL RANKS

- A. LU shall utilize the following professorial ranks for tenure-track and tenured library faculty: Assistant Professor, Associate Professor, and Professor. A terminal degree from an American Library Association-accredited institution or an appropriate graduate degree as defined by the position) is required for all tenure-track/tenured professorial ranks. Note that a master’s degree is considered a terminal degree in library and information science.

Additionally, library faculty applicants shall demonstrate the likelihood of continuing a sustained pattern of achievement and high-quality effectiveness in librarianship, research & scholarship, and service.
- B. Library requirements relating to categories and standards of performance for tenure and promotion must be approved and on file with the Office of the Provost.
- C. Library tenure and promotion guidelines shall be posted and made publicly available on the Academic Affairs website.
- D. Minimum requirements and expectations necessary to be eligible for promotion to each rank are as follow:
1. **ASSOCIATE PROFESSOR.** For promotion to the rank of Associate Professor, the minimum requirements include:

- F. Library faculty members who believe they have met the minimum requirements and expectations to be eligible for promotion to the appropriate rank shall initiate a documented application for tenure and/or promotion consideration.

VI. REVIEW AND UPDATE OF STANDARDS OF PERFORMANCE

- A. Library requirements relating to categories and standards of performance for tenure and promotion shall undergo a scheduled review every three (3) years by the tenured/tenure-track faculty within the library.
- B. Should library standards of performance be updated during a scheduled review:
 - 1. The updated performance standards for tenure and promotion must be approved by the Office of the Provost and posted on the Academic Affairs website.
 - 2. Tenure-track library faculty members shall choose to be reviewed using the updated library performance standards or the standards of performance that were in effect at the time of his/her/their initial library faculty appointment at LU. Tenure-track library faculty (regardless of academic rank) shall communicate in writing their choice of performance standards when they initiate their application. If no selection is made, the default shall be the most recent performance standards.
 - a. Assistant Professors whose tenure and promotion to Associate Professor became effective at the beginning of Academic Year (AY) 2026 or any AY thereafter shall abide by the library tenure and promotion standards of performance that went into effect at the beginning of AY 2026 or the most recent performance standards, should the library guidelines be updated during a scheduled review process, as they proceed toward promotion to Professor.
 - 3. Library faculty applying for promotion to Professor shall choose to be reviewed using the updated library performance standards or the library performance standards that were most recently in effect. The library faculty applicant's selection of performance standards shall be communicated in writing at the time he/she/they initiates a documented application for promotion. If no selection is made, the default shall be the most recent performance standards.

- a. Library faculty members at the rank of Associate Professor with tenure during AY 2025 must inform the Dean of the Library prior to the beginning of AY 2026 whether they choose to abide by the library tenure and promotion performance standards that become effective at the beginning of AY 2026 or the set of performance standards that were most recently in effect as they proceed toward promotion to Professor. Library faculty applicants for promotion to Professor who choose to be evaluated using the set of performance standards that were most recently in effect shall adhere to the library policy for obtaining external letters of evaluation operative at that time. If no policy existed under previous performance standards, then external letters shall not be solicited. Library faculty members who choose to be reviewed under the previous set of library promotion standards must apply for promotion within six (6) years (prior to the beginning of AY 2032). Should a library faculty member either not apply for promotion to Professor or apply for and not be recommended for promotion to Professor prior to the beginning for AY 2032, then he/she/they shall abide by the library promotion standards in effect during AY 2032 or thereafter as he/she/they resubmits his/her/their application for Professor.

VII. PERSONNEL COMMITTEES

- A. All full-time tenured library faculty members who hold the rank of Associate Professor or Professor (except administrators) shall be eligible to serve on personnel committees. All tenured and tenure-track library faculty may vote for the members who will serve on the University Personnel Committee. Once the University Personnel Committee memberships are satisfied, all remaining eligible tenured faculty members (who are not themselves candidates for promotion) shall serve on the Library Personnel Committee. To avoid conflicting interests, no library faculty member who is applying for promotion or tenure shall serve on a personnel committee. A library faculty member shall be permitted to strike his or her name, for cause, from the list of faculty members eligible to serve on a personnel committee prior to balloting for committee memberships.
 1. **University Personnel Committee.** Annually, in March, the library shall have the Faculty Senator Office run the election for tenured faculty members who hold the rank of Professor to serve as members. (Note. If the Library has no faculty members at the rank of Professor who are willing or able to serve on the University Personnel Committee, a tenured Associate Professor may be nominated and elected.) Members shall serve three-year terms on the University Personnel Committee. If a committee member steps down before the end of a three-year term, then this member will be replaced by the next runner-up in the election, and the new member will complete the remainder of the three-year term.
 2. **Library Personnel Committee.** The Library Personnel Committee shall be composed of a minimum of three tenured library faculty. If the library has fewer than three tenured faculty, then the Associate Dean and faculty applicant for tenure and/or promotion shall each submit to the Dean a list of three (3) names of tenured faculty members from academic departments who are qualified to serve on the Library Personnel Committee. Documentation of proposed faculty members' relevant qualifications shall be provided by both the Associate Dean and the faculty applicant. The Dean shall appoint faculty members from these lists until the Library Personnel Committee is comprised of at least three (3) faculty members.

- B. The University Personnel Committee and the Library Personnel Committee will operate according to the following guidelines.
1. **Quorum and Exceptions.** A numerical majority of personnel committee members must be present to constitute a quorum. To act, a committee must be constituted as provided in these guidelines or, without vote, eligible faculty not serving on another personnel committee may pass written opinion individually to the next higher level of review.
 2. **Chairs of Personnel Committees.** By majority vote, members of each personnel committee shall elect a chair. The chair is responsible for organizing meetings, distributing files, forwarding the appropriate materials to the next level, and notifying each applicant of the committee's decision.
 3. **Voting Policy.** In no instance shall a member of any personnel committee or any administrator in an evaluative role vote, affirm, or reject a recommendation on a candidate's promotion to an academic rank higher than his or her own. Members of each personnel committee shall vote via secret ballot on a recommendation for or against tenure and/or promotion (including recusals or abstentions). All personnel committee members must be present to vote unless on approved leave.
 4. **Confidentiality.** All personnel committee discussions during review of tenure and/or promotion portfolios shall remain confidential unless precluded by law, court order, or *Rules and Regulations*.

VIII. PROCEDURES

- A. **Initiate application for Promotion:** A library faculty member may initiate a documented application for promotion consideration when the candidate believes he/she/they has met the standards for promotion to a select rank. Library faculty members applying for tenure and/or promotion must prepare a **tenure** and/or **promotion dossier**. The tenure and/or promotion dossier must be submitted electronically in Watermark. Each tenure and/or promotion dossier shall consist of:
1. **Current curriculum vitae.** A copy of a current curriculum vitae must be submitted. There must be clear delineation in the vitae as to the scope (i.e., local, state, regional, national/international) and the review process (i.e., peer reviewed or not) for each publication listed. The candidate may include an essay of no more than three (3) double-spaced pages highlighting special accomplishments listed on the curriculum vitae.
 2. **Signed F2.08 forms.** Copies of all signed F2.08 forms that pertain to the period of review must be submitted. If the action is tenure and promotion to Associate Professor, then copies of all signed F2.08 forms since the candidate joined Lamar University must be submitted. If the action is promotion to Professor, then copies of all signed F2.08 forms for each year since last promotion must be included.

3. **Signed F2.12 forms.** If the action is tenure and promotion to Associate Professor or tenure alone for library faculty at the rank of Associate Professor or Professor, then copies of all signed F2.12 forms must be included.
 4. Evidence of effectiveness and documented accomplishments in the three categories of performance: librarianship, research & scholarship, and service. Evidence of effectiveness and documented accomplishments in librarianship, research & scholarship, and service may be demonstrated through the variety of activities listed in Section IV, Subsections A.1., A.2., and A.3. The library, however, shall establish and maintain guidelines that define specifically the documentation required to be included in the tenure and/or promotion dossier with respect to librarianship, research & scholarship, and service.
- B. A library faculty applicant will not be able to modify or add content to his/her/their dossier in Watermark after the first Monday in October (see Section XVII. Annual Tenure and Promotion Schedule).
 - C. A library faculty applicant will have viewable access to his/her/their dossier in Watermark for the full duration of the tenure and/or promotion process.
 - D. **Library Personnel Committee Review and Recommendation.** The Library Personnel Committee shall study and consider each file and vote on a recommendation to promote or not to promote. In accordance with Section II of this policy, since library faculty members cannot be promoted to the rank of Associate Professor without being awarded tenure, a single combined vote shall be taken for applicants being considered for tenure and promotion to Associate Professor. The chair of the Library Personnel Committee shall write and upload a letter denoting the committee's recommendation. Then, the Dean of the Library will be notified and instructed to begin his/her/their review.
 - E. **Dean's Review and Recommendation.** The next step in the process shall be for the Dean of the Library to study and consider each file and make a recommendation to promote or not to promote each candidate. Then, the Dean shall write and upload a letter indicating his/her/their recommendation. Then, the University Personnel Committee will be notified and instructed to begin its review.
 - F. If the Dean of the Library does not hold the rank for which a library faculty applicant is being considered for promotion, the Provost shall appoint a Dean with appropriate rank for the Dean's review and recommendation.
 - G. **University Personnel Committee's Review and Recommendation.** The University Personnel Committee shall study and consider applications and recommend that each candidate be promoted or not promoted. The chair of the University Personnel Committee shall write and upload a letter for each candidate indicating the committee's recommendation. Then, the Provost will be notified and instructed to begin his/her/their review.
 - H. **Provost's Review and Recommendation.** Next, all files and recommendations shall be studied and considered by the Provost, who shall recommend to promote or not to promote each applicant. The Provost shall write and upload a letter for each candidate indicating his/her/their

recommendation. Then, the President will be notified and instructed to begin his/her/their review.

- I. **President's Review and Recommendation, and Board's Action.** The President, after reviewing all pertinent information, shall make a recommendation to promote or not to promote each candidate. The President shall assemble a slate of candidates recommended for promotion and present the slate as a personnel agenda item to The Texas State University System Board of Regents for consideration and final action. The legal authority for library faculty promotion rests with the Board. All promotions, including the granting of tenure, are subject to the approval of the Chancellor and the Board of Regents (see *Rules and Regulations*, Chapter V, Subparagraph 4.2 and Subparagraph 4.3). The decision to promote is usually made at the Board of Regents meeting in May and becomes effective with the start of the next academic year.
- J. **Appellate Procedures in Promotion.** A candidate who has been notified in writing that he/she/they is not recommended for tenure and promotion to Associate Professor may request, in writing, that his/her/their portfolio advance to the next level of review as a rebuttal of the lower level's recommendation. A candidate who has been notified in writing that he or she is not recommended for promotion to Professor may remove his or her application from consideration or request in writing that it advance to the next level of review as a rebuttal of the lower level's recommendation. An applicant requesting that a recommendation at any level in the review process between the Library Personnel Committee Review and the University Personnel Committee Review be reconsidered must do so, in writing, within fifteen (15) calendar days after receiving written notification of the recommendation. The written request shall go to the next higher committee chair/academic administrator in the review process. The candidate, any personnel committee member, and/or any administrator in the line of review may attach to the application a written rebuttal to any negative recommendation (i.e., a recommendation not to promote).
- K. **University Faculty Promotion Review Committee.** An applicant not recommended for promotion by the Provost may appeal to the University Faculty Promotion Review Committee. The University Faculty Promotion Review Committee shall act as an appellate body for promotion decisions made by the Provost. Members of the University Faculty Promotion Review Committee shall be appointed by the President. Generally, the committee shall be composed of one tenured faculty representative from the library and each of the colleges (except the College of Graduate Studies and Reaud Honors College), plus two Department Chairs and two Deans. Members shall be appointed for staggered three-year terms. Members can serve concurrently on any personnel committee. If, after review, the University Faculty Promotion Review Committee recommends the candidate for promotion, the file shall be returned to the Provost with written justification for the favorable decision. The Provost shall forward the file and all statements to the President for consideration and subsequent recommendation to the Board of Regents. At no time shall a Department Chair on the University Faculty Promotion Review Committee consider an appeal from a faculty applicant from his/her/their respective department or shall a Dean on the University Faculty Promotion Review Committee consider an appeal from a faculty applicant from his/her/their respective college. The Department Chair and/or Dean shall recuse himself/herself/themselves from any deliberations by the University Faculty Promotion Review Committee.

IX. SECOND- AND FOURTH-YEAR REVIEW OF PROBATIONARY FACULTY

A. A faculty peer review shall be conducted in conjunction with the faculty evaluation procedure (F2.08 Annual Faculty Evaluation) a minimum of two times, typically during the second and fourth years of the probationary period for library faculty members with tenure-track appointments (see F2.12). The following timeline shall apply to the Second-Year and Fourth-Year reviews:

- By February 1: Dossier due to the chair of the Library Personnel Committee.
- By March 1: The Library Personnel Committee completes and submits review to Department Head.
- By March 15: Department Head completes and submits review to Library Dean.
- By April 15: Library Dean completes and returns review to Department Head.
- By May1: Meeting occurs between Department Head and faculty member to discuss Second-Year or Fourth-Year review.

B. A library faculty member may review and add to the content of his/her/their dossier at any point during the review process. The addition of materials shall not cause a reconsideration of the dossier by any review body that has already tendered its recommendation; however, the new materials may be considered by subsequent review bodies.

C. If the library faculty member receives creditable service such that a Second-Year Review is not possible, the review shall be conducted after the first full year of service.

D. Reviews at both the second and fourth year of service, while important for faculty development and feedback on progress, do not express or imply tenure outcomes for probationary library faculty members.

X. PRIOR CREDIT FOR TENURE AND/OR PROMOTION

A. At the discretion of the Provost, up to three (3) years of prior service in a tenure-track/tenured position at another accredited college or university may be counted toward the fulfillment of the required probationary period for tenure and promotion to Associate Professor or the period for promotion to Professor.

B. Credit for years of prior service and year of tenure and/or promotion review shall be indicated on the library faculty member’s offer letter and initial contract. If tenure is not granted at time of appointment for library faculty members hired at the rank of Associate Professor or Professor, library faculty members shall adhere to the full probationary period schedule for the granting of tenure unless prior service credit for tenure was negotiated.

C. Library faculty applicants for tenure and/or promotion who claim credit for prior service shall submit in their tenure and/or promotion dossier a copy of the appointment letter and/or initial contract detailing the commitment by LU to grant prior service credit.

- D. Library faculty applicants for tenure and/or promotion who are granted prior service credit shall submit in their tenure and/or promotion dossier documentation for all work completed at other institutions during the period for which prior service credit is given.

XI. MAXIMUM PROBATIONARY PERIOD FOR TENURE

- A. The maximum period of probationary library faculty service in tenure-track status in any academic rank or combination of academic ranks shall not exceed six (6) years of full-time academic service, unless the tenure clock has been tolled as provided in Section XII.

XII. TOLLING THE TENURE CLOCK

- A. LU may permit a tenure-track library faculty member to stop the tenure clock for up to two (2) academic years of countable service toward tenure in the probationary period in order to accommodate one or more of the following exigencies and/or hardships: a) childbirth or adoption; b) dependent care (including children, parents, spouses, or other dependents); c) the library faculty member's own illness or other personal emergency; and/or d) the inability of the institution to provide agreed upon facilities for the library faculty member's research.
- B. A request to stop the tenure clock shall be submitted prior to the occurrence of the event(s) stated above or, if circumstances dictate, immediately afterwards. Any request submitted after LU provides written notice of commencement of the promotion and/or tenure review process (i.e., distribution and/or posting on the Academic Affairs website of the annual "Faculty Tenure and Promotion Schedule") will not be honored.
- C. A library faculty member petitioning to stop the tenure clock shall make a written request to the Dean clearly explaining the basis for the proposed suspension and provide appropriate documentation to demonstrate sufficiently why the request should be granted. Included in the written request also shall be the estimated duration to accommodate the exigency and/or hardship. The library faculty member is not required to apply for leave in order to qualify for stopping the tenure clock.
- D. Upon receipt of the library faculty member's request, the Dean shall provide a recommendation for stopping the tenure clock to the Provost within ten (10) working days.
- E. The decision regarding the faculty member's request for stopping the tenure clock shall be made by the Provost. Within ten (10) working days from receipt of the Dean's recommendation, the Provost shall notify the library faculty member and the Dean of the decision.
